

Community Impact

Bridging the Opportunity Gap

Winward Academy is helping to bridge our country's opportunity gap by making the best tutoring resources more accessible and more affordable. We believe all students deserve access to quality teaching, and our charitable programs are designed to deliver just that.

1-for-1 School Program

When one high school purchases a full-access subscription for its students, another school on our sponsored list receives full access at no charge. This program is integral to our mission to broaden access to the best educational resources for all students, regardless of their zip codes.

Game Changer Give Back Program

Winward Academy donates one Game Changer package for ACT or SAT whenever that same package is purchased. Donations are made to Computers 2 SD Kids, a charity that provides 9,000 computers to San Diego students each year. It is the ultimate partnership in hardware and software to promote positive change.

Sharing Values

Winward Academy partners with businesses that are passionate about improving education access in underserved communities.

Community Partnerships

EnergyCapital
Partners

Energy Capital Partners supports TGR Foundation's College Bound Academy high school students.

Mountain Top Advisory Group supports first generation college students at KIPP schools around the country.

Providing Opportunity

Winward Academy has created college scholarships as a way to ensure more students have a chance at bat.

Carol Kimmelman Memorial Scholarship

Carol always said her kids were born on third base sliding into home, and that the students she taught in South Central Los Angeles, who were just as deserving, smart, and hard-working, could go their entire lives without ever getting a chance at bat.
