How Does the Practice Test Work?

Register for the Free Practice Test – Sign up for the practice ACT (1/9/21) or practice SAT (1/23/21), and we'll send you the URL to join the live session.

Receive a Practice Test – The day before the practice test, we'll email the parent or guardian with a PDF of a past real exam, scantron, and printing instructions.

Join Us on Saturday Morning – You'll join the online testing room and meet your proctor who will guide you through the sections.

Learn From Your Mistakes – After the test, the proctor will provide you with instructions to grade your exam and to review and learn from your mistakes.
